

ProPick v1.98 (c) 1998 Brown's ComputerWorks

Run Setup.exe to install ProPick.

If your computer has some older system files, Setup will ask if it is OK to update your system files and will then need to restart Windows after the update has been accomplished.

After the system update process (if necessary), run Setup.exe again to complete the installation process. A Start Menu Icon for Ice Pick will be created in the Programs section of your Start Menu.

System Requirements: 32 bit Windows

Weekly statistic updates will be available at our Sports Shareware web site at...
<http://www.adsnet.com/conan.brown/index.html>

Please see the Help file for information on the many features of the ProPick program.

Registering your copy of ProPick will enable printer support of all Statistics, Schedules, and Predictions.

Please send \$19.95 to....

Brown's ComputerWorks
