# Windows *RTS* Maker Ver. 1.0

Welcome to the easiest way to make RTS files for Duke Nukem 3D.  In order for this program to work you must first make sure that you have all the files that come with this zip file.

## *Files you should have.*

| | |
|---|---|
| **WINRTSMK.EXE** | Windows program to make RTS files |
| **WINRTS.BAT** | .bat file used by Winrtsmk to run RTSMAKER |
| **FILE_ID.DIZ** | Description of this program  (used mostly by a BBS) |
| **README.WRI** | This file |

Next you will need to copy all files over to your directory,  C:\DUKE3D.  With this version no other directory will work. Then you will need to make sure that you also have a copy of RTSMAKER.EXE and have that in the same directory as well. RTSMAKER is not distributed with Winrtsmk they are two separate program.  You should be able to find a copy of RTSMAKER from the same place that you got this program from.

## *How does WinRTS Maker work?*

If you have a Registered version of Duke Nukem 3D you should already have a Copy of RTSMAKER.  This is the actual program that compiles your scrip file into an RTS file.

*WinRTS Maker* works by writing your scrip files for you based on the files that you have dragged to your list, your selected files are then temporally copied to your Duke3D directory.  WinRTS will then run RTSMAKER to compile your RTS file for you.  Once completed all temporally files are removed and you are ready to try out you RTS file.

(Note..)  None of your original files are deleted by this program, it will only temporally copy your original files to the Duke3D directory then remove the copy after your RTS file is made or you exit WinRTS.

## *Future version planes*

Below is a list of "planes" for future versions however, not all will necessarily be in the next version, I can not make any guarantees as to what the next version will have or when the next version will be released.

A **search button** that will allow you to search your drive for all .wav and .voc files.
Allow you to **hear .voc** files.
Be able to **move files** around that are on your RTS file list.
Allow you to use files in your **Duke3D directory**.
A **help menu**
Do away for the need for the **WinRTS.bat** file
Add a **setup menu** that will allow you to change your duke game setting for:

   **RTSName** ............................What RTS file Duke3d will use when you start your next game.
   **Phone Book**.........................Add to your Duke3d phone book.
   **CommbatMacro**...................This would allow you to change your Commbat Macro as easy as
                                  making an RTS file.

## *Copyrights*

**Duke Nukem 3D and RTSMAKER are Copyrights of 3D Realms Entertainment.**
**WinRTS is the Copyrights of Robert Starkey**

*Final Note:   I would like to give my thanks to Jerry Canterbury for his suggestions during the development of this program.*

# *Disclaimer - Agreement*

Users of WinRTS Maker must accept this disclaimer of warranty:

"WinRTS Maker is supplied as is.  The author disclaims all warranties, expressed or implied, including, without limitation, the warranties of merchantability and of fitness for any purpose.  The author assumes no liability for damages, direct or consequential, which may result from the use of WinRTS Maker."

WinRTS Maker is a "shareware program" and is provided at no charge to the user for evaluation.  Feel free to share it with your friends, but please do not give it away altered or as part of another system.  The essence of "user-supported" software is to provide personal computer users with quality software without high prices, and yet to provide incentive for programmers to continue to develop new products.

If you find this program useful and find that you are using WinRTS Maker and continue to use WinRTS Maker after a reasonable trial period, you must make a registration payment of $10.00 + $5 shipping/handling to Robert Starkey.  The $10.00 + $5 shipping/handling registration fee will license one copy for use on any one computer at any one time.  With registration you will also receive the next upgrade FREE.

## *Registration Form For WinRTS Maker Ver.1.0*

Name  : _____     Age: ___  (optional)

Address: _____

City : _____

State or Province: ___     I-net Address : _____

Zip: _ _ _ _ _ - _ _ _ _     Or _ _ _ -_ _ _ (Canada)

[   ]     I want  WinRTS Maker Reg. ver.  ($10)

[   ]     I want the latest version of WinRTS Maker sent to me on a 1.44 3.5" disk for an additional $5.00  shipping/handling

[   ]     I want to save $5.00 on shipping/handling and will Download Reg. copy from your BBS

        Amount of money enclosed for this order (U.S Currency!)   : _____

**Please fill out the below information if you are going to be downloading your Reg. copy from my BBS.**
***Little League BBS (540) 885-9943:***

Phone number ( _ _ _ ) _ _ _ - _ _ _ _          Date of Birth  _ _ - _ _ - _ _

BBS password you will use: _____
   *Your BBS account will be set up for you using the above information and your Copy of WinRTS will be attached to a message to you.*
