No task therefore becomes a bore
following pleasant science
It simply increases what I use and
Supplies might, like the lion's

by Earl. C. Rex (Math. Student, 1934)

Szurek

0 = No

Comment:
An "Arithmetical" LogPi mnemonic:
0, 7*7, 7, 7+7, 7*7+7*7, 7

This logarithm employs a zero character
mantissa follows in digits precisely
what I now give.

The American Mathematical Monthly, 1931 = P. Ar., p. 277
