After installation, launch AHOY!. You will be presented with a Registration Dialog Box which displays a Serial Code (AY-xxxx-##). Please have this Serial Code and payment information ready (Visa or MasterCard) when you go on-line or call to Register. If calling, tell the operator that you are registering AHOY!.

For either method, you will be provided with a Registration Code which you need to enter in the Registration edit box. After entering your Registration Code, click "Register". That's it!

Operators are available to take your call 24 hrs/day, 7 days a week.

Registration for AHOY! is \$24.95. Florida residents add appropriate sales tax. On-line registrations save you 10%.

Demonstration Mode

AHOY! can be used as a fully functional demonstration application for 30 minutes. Just click the "Demo" button in the Registration Dialog. After this period, the application will automatically quit. You can relaunch the application after 5 minutes of inactivity.

If you are making a minor revision upgrade (e.g. v1.0.0 to v1.1.0, etc.) Run the new version of the application. When the Registration Dialog box appears, just hit the "Register" button (do not input anything in the Registration Edit box). You will then be presented with a Get File Dialog box. Open your previously registered version of the application by either double clicking the old version or clicking the "Open" button. That's it!

Your registration will be transferred to this new version. You can then dispose of the old version.
