

n short, a lot! The full version of Mah Jong Parlour features:

Higher levels of difficulty and play

- Novice (easiest; included in this demo)
- Experienced (medium level; faster play, more difficult)
- Expert (advanced computer intelligence and gameplay)

Networked play against friends (and enemies)

- supports 2-4 players over a network locally or remote over the Internet!
- MJP automatically assigns computer players to the missing human players!
 - Network Chat allows you to send message to players.
