

Thank you for downloading the EYLO theme!

About

In-your-face. flashy and blue theme. Rimes with HALO. In fact, inspired by HALO. Designed to show off Shape Shifter's ability to change text colors globally.

Installation

The theme is bundled with the ShapeShifter installer.

To install the desktop you must place it somewhere on your harddrive, then you can just drag it onto the image well in the Desktop preference panel.

To install the Safari skins, I recommend *Safaricon*:

When you have installed it, place the Safari skins folders here:
Home/Library/Application Support/Safaricon/Themes/

Getting Started and FAQ about themes

I have a very helpful support section at my homepage that I think you should take a look at before asking me for help:
