

# InfoMap Lite 1.40 Upgrade Information for Registered Users

Version 1.40 of InfoMap Lite is available free of charge to registered users of earlier versions. Licenses already granted are transferred automatically to version 1.40 *provided you discontinue use of any earlier version*. The personal registration details already provided to you can be used with version 1.40 without change.

The new facilities offered by version 1.40 are summarised in the accompanying file HISTORY.TXT and covered comprehensively by the online help. Should you wish, however, to obtain a diskette of this version please complete the Upgrade Order Form below. There is a charge of £ 5.00 pounds sterling to cover each diskette with handling costs.

Fill in the details on the order form and forward it to CoCo Systems Ltd. by one of the following means:
