the way of the Siam becomes fatal as  
 never yet, <sup>in time</sup> ~~in Human History~~; - we think  
 to resolve privileged - the first among men,  
 to know the great secrets of Heaven and fulfil  
 the <sup>economy</sup> interests of Earth. and the result is that  
 of all the races that yet have been put to shame  
 by their false wisdom a false art, we have  
 most ~~and~~ ~~madly~~ abandoned the Charity which,  
 is for itself sufficient, and for others serviceable,  
 which have given <sup>their</sup> ~~our~~ ~~and~~ ~~spent~~ ~~our~~ labour and life for that which  
 is not bread, and <sup>their</sup> ~~our~~ ~~strength ~~for~~ that which  
 satisfieth not; ~~we~~ ~~have~~ ~~become~~ of all  
 creatures yet ~~among~~ ~~civilized~~ ~~nations~~; the  
 most insufficient to ourselves, and the  
 most malignant to mankind our neighbours.  
 Granted a given of degree of knowledge -  
<sup>Granted</sup> ~~grants~~ ~~given~~ the  $\kappa\alpha\iota\ \pi\lambda\epsilon\iota\omicron\nu\alpha\ \delta\iota\delta\omega\varsigma$ , in  
 science - in art, and in literature; and  
 the present relations <sup>falling</sup> ~~between~~ ~~France~~ and Germany  
 - between England and America, are the  
 most horrible <sup>at once</sup> in their stupidity and malignity  
 that have ever taken place ~~in the history~~ of  
 the globe we inhabit, even though that history  
 is of little else, ~~except its sin~~ ~~and~~ ~~self~~  
 inflicted death ~~by its self accomplished sin~~,  
 all ~~its~~ <sup>great</sup> histories are of Sin - and all its great  
 songs of Death~~
