

the life of all ^{such} inspired nations, ^{hitherto}, has been
 like that of wood-leaved lilies, (^{consent} fleur de lys.)
 First a cluster of woods, enclosing ^{the strength} the nation also wrapped in
 of the flower ^{between} its stem ^{and} its edges; - and wood-like
 armour of ^{spry} flexible ^{and} ^{grass} steel. This is
 the ^{king} line of the Kings, and of the first pens
^{precious} the earth - Erech-theia; the whole being of the
 war; ^{all the creature being one of the nation} people
^{gathered} in ^{Draconian} ^{shimmer} strict strength, and ^{in every}
~~disciplined~~ and glittering in every
 Serpent-spartan line.

The second ^{and} time of the lily is the springing
 of its stem, and heavily into buds ^{with their} ^{with} ^{their} ^{with}
 and ^{that} ^{pregnant} ^{perfect} - full of hope.

In like manner, the ^{inherent} ⁱⁿ ^{life} of a
 great-people species ^{from} ^{between} the ^{wood}
 leaves; ^{flows} ^{or} ^{riser} into a ^{travelling} frontier
 of life. It is the time of Colonization; every bud
 beating ^{war} ^{for} ^{the} ^{great} ^{central} ^{heart}.

"First the black - then the ear - after that the -
 the full corn" - May - but ^{perhaps} ^{perhaps} ^{perhaps} ^{perhaps} ^{perhaps} ^{perhaps} ^{perhaps} ^{perhaps} ^{perhaps} ^{perhaps}
 the full flower. For then comes the age of ^{glorious} ^{glorious} ^{glorious}
 manufacture is in ^{set} ⁱⁿ ^{labour} of ^{hands} and
 wing ^{on} ^{the} ^{lip}. and if these ^{be} ^{time}, + and
 the ^{truth} of God be in them - then ^{for} ^{ever} ^{if} ^{they}
 the full corn remains, ^{immortal} ^{food} - ^{of} ^{them}
 to ^{untire} - then, the ^{fairness} of the flower
 to-day is, and tomorrow is cast into the oven.

Respectfully ^{countless}
 In the five cities where story we have to learn.
 Athens the Draconian time is reached to the death
 of Ctesias; - for Rome, to the battle by the
 lake Regillus; for ~~Venice~~ to the Florence to
 the death of Bon Bruchelmonte; for Venice
 to the standard-planting on Byzantium by
 Henry Dandolo; for London to the death of the
 Black Prince.
