GUNSHIP!® CD-ROM

Game Overview: Gunship!®, the next PC game in the award-winning Gunship series, is a realistic aerial combat game where the player has the ability to fly a selection of the world's most advanced and deadly military helicopters. Capturing the feel of the original game, Gunship! will showcase more detail, realistic graphics, dynamic mission generation, advanced artificial intelligence, and multiplayer support. In addition Gunship! will include a special scalable feature where the player can alter the complexity level of the controls and his enemies allowing for more gameplay options. The multiplayer gameplay in Gunship! includes support for Tank Platoon!, which offers a multiplayer connection between the two simulation games offering true electronic battlefield gameplay.

Key Features:
- Scalable play allows players to alter complexity of controls and enemy AI for easier or harder gameplay.
- Two modes of play – single battle and campaign – offer both dynamic missions as well as instant action for every level of skill.
- Multiplayer mode feature Internet and LAN mode as well as compatibility with Tank Platoon!®.
- Based on actual U.S. army attack helicopters and tactics.
