

TANK PLATOON!®

Game Overview:

Tank Platoon!® is a fast-paced combat experience where players control the most durable, heavy, powerful battle machines of the 21st century. Massive and forceful weapons of destruction capable of high ground speeds and accurate gunfire, the front-line battle tanks of the major countries command respect and admiration. For the first time ever, this full fighting experience of power and speed is offered with great ease of use, incredible battlefield depth, and fantastic 3-D graphics that will immerse all gamers into the excitement and action of WW III. Additionally, the full battle experience is enhanced with an on-line connection to Gunship!®, the best helicopter sim-action game in the world. Now get full, hands-on excitement fighting combat helicopters and tanks together in the first ever coordinated, on-line experience joining two different fighting platforms from two separate games.

Key Features:

- Four tanks to choose from: the M1A2 Abrams (US), the Challenger II (UK), the Leopard 2A5 (German) and the T-80 UM2 Black Eagle (Russian).
- ‘Scaleable’ difficulty settings allow both novice and sim fans to play at their own level.
- In addition to the four main battle tanks, players may choose to fight from 26 vehicles as a gunner.
- Overall 115 vehicles and varying amounts of individual ground troops make Tank Platoon! the most complete, in-depth combat simulator on the market.
- Develop your platoon’s experience by guiding them to victory.
- Create custom missions with the Battle Builder.
- Realistic rolling terrain that lets you ‘hide’ behind trees, hills and ridges just like real tanks.
- Detailed communications simulation lets you call for artillery or air support and talk to other units.
