

KURUSHI FINAL

KURUSHI is a test, an examination of our intelligence created by a higher power than ourselves. As the player, you stand on a suspended platform, face to face with huge, deadly Cubes, which roll relentlessly towards you. You must use your mines and mind to destroy them, clearing a path through the onslaught simply to survive. The rules of KURUSHI are simple, but survival is far from easy.

The sequel to the million-selling brainstormer from Japan, KURUSHI FINAL adds all-new play modes to the challenging mental puzzle game. Play against a friend in a battle for SURVIVAL, find the solution to 100 separate puzzles in 100 ATTACK, create your own puzzles or test yourself in KURUSHI FINAL, the ultimate test of mental and physical agility.
