

Big Mountain 2000

Product Features

Big Mountain 2000 is an arcade style 3D skiing and snowboarding game, and is the only snow sports title for Nintendo® 64 that combines both sports.

Features:

- Three game play modes including a championship series, time attack and two player battle.
- Three courses including giant slalom, slalom and free rides.
- Includes licensed wear and boards from Solomon, Vans and Bonfire.
- Choose from six different racers, each with different uniforms and strengths.
- Choose from six different boards.
- Stamina meters for players, affected by collisions and falls, that impact racing abilities.
- Characters' skills increase based on previous performance and scores.
- Numerous air tricks for both skis and snowboards.
- 15 different background music settings.
- Courses increase in difficulty as players advance. Most courses include shortcuts and scenic stops.
- Supports Nintendo® 64 Rumble Pak and Controller Pak.
- Developed by Imagineer Co., Ltd. and published by SouthPeak Interactive.
- Suggested retail price: \$49.95.
- Available for the Nintendo® 64 in fourth quarter 2000.
