

MAP 205 V04- THE MECHANICAL TOWER ENTRANCE

1. Roll past the first spinblade to the exit
2. At the exit, move along the ledge towards the lower ledge

3. Drop down to the second ledge and then to the wooden plank below to the right
4. Jump to the other plank of wood jutting from the wall that you can see towards the Prince's right

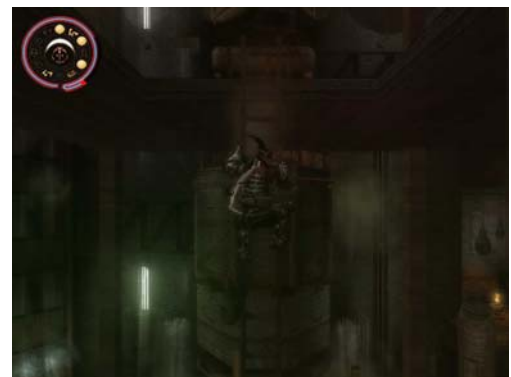

5. Time yourself and jump to the other side of the windmill
6. Jump down to the platform and kill the enemies

7. Grab hold of the plank of wood which is coming out of one of the center platform pillars
8. Jump to the plank of wood on the other side towards the fenced balcony

9. Approach the balcony ledge and let yourself drop down to the ledge below
10. You will come to a plank of wood that heads back to the direction of the center platform, you will be able to see to the lower level of this center platform from here

11. Jump to the lower level of the center structure platform
12. Go down the ladder

- 13. From here you will encounter the bottom of the windmill. Walk along the plank of wood and time your jump across. Continue this walkthrough using 205-3 starting with step #7. It will take you the rest of the way through this walkthrough**
- 14. When you reach your goal from you walkthrough using 205-3 Cinematics will take place, you are now entering 55-10**
