How to use the order form with this catalog

=====

Order form code name USE: (NAME)

=====

Just match the (NAME) to that used on the order form
or use a piece of paper or 3x5 index card if you would like to
order any of my games below: See Our Order form for a larger
order game deals.

Games are Rated by the Author

New non violence games are rate as:
NVS= This Game Contains No Violence Stuff

New Violence games are rated as:
VS! = This Game Contains Violence Stuff!

These helpful ratings will vary in some games listed below.

=====

(A) Type: Military, War, Space, Sea, Air, Simulator;

\$8.50_Super Tank Tracker [VS!]

Based on the US Army M1A1 Main Battle Tank Full Scale Version
This is our best game for Windows, that places you right inside the
battle inside your M1A1 driver, gunner seat!

Features: Real M1A1 Sound Effects, Firing Rounds, line art images
of both M1A1 and the Camouflage T-80 Battle Tanks. Larger 3D -3 way
interior of the Super Tank Tracker is base on the actual M1A1 U.S. Army
Main Battle Tank. 3D mountains, A-10 Attack Plane is seen in view and
more!

Note:Tanks are twice the size of the old Tank Tracker.

This game uses realistic sound effects as real as it gets!

=====
Order form code name USE: (SPTTK)
=====

\$9.48_Super Tank Tracker w/ M1A1 Animated Tank Show [VS!]
Same as above but comes with M1A1 Battle Tank Show for Windows

Features: M1A1 Animation Show that gives a actual view of the 2
main battles tank to take out each other. M1A1 and T-80 both are
camouflage and are moving , firing off rounds and etc..

This game uses realistic sound effects as real as it gets!

=====
Order form code name USE: (MSPTTK)
=====

\$5.77_Tank Tracker [VS!]
Ever since this game was released back in 12/93, this has been
our most popular Tank game ever for Windows. Similar to Super
Tank, but on a smaller scale view. Base on the old WWII Tanks.

Features: Mini 3D tanks, mountains, 3D interior of a Tank with
gauges and more.

This game uses realistic sound effects as real as it gets!

=====
Order form code name USE: (TANKTK)
=====

\$8.50_LAV Tracker [VS!]
Based on the 8 wheel drive Light Armor Ground Vehicle used
by USMC.

The LAV is a popular armored tank truck like vehicle
used in todays lighter battles. In this game the enemy target is
the BTR which is similar but doesn't have the same fire power
like the LAV does. Both vehicles are camouflage for the snow
terrain where the battle begins!

Features: Actual LAV engines sound effects, main weapons fire and more!

This game uses realistic sound effects as real as it gets!

=====
Order form code name USE: (LAVTK)
=====

\$8.50_LAV-AD Tracker [VS!]
Based on the 8 wheel drive Light Armor Air-Defense Vehicle used by USMC.

The LAV-AD is a popular armored tank truck like vehicle used in todays air support battles. In this game the enemy target is the KA-34 Attack Chopper!

Features: Actual LAV-AD engines sound effects, main weapons fire and more!

This game uses realistic sound effects as real as it gets!

=====
Order form code name USE: (LAVADTK)
=====

\$8.50_Super Destroyer Tracker SE [VS!]
Simulates the bridge of a USS Class 35 Destroyer Ship. Targets are enemy destroyers on the open seas.

This game uses realistic sound effects as real as it gets!

=====
Order form code name USE: (SDTKSE)
=====

Image n/a
