

This is a special font created to imitate the brush strokes of a sign painter's brush. It was copied from an old lettering book circa 1930. It is an excellent font for use when you need to highlight something.

The following is a sample of Artbrush:

Artbrush

If you want to use this font, use it with my blessings. If you really like it, send me a old disk or a couple of dollars.

Gary D. Jessey
Rt. 1, Box 107
Jenkins, Kentucky 41537

p.s. I didn't "cripple" the font in any way. If you give this font to someone else, please give this notice as well.
