

Scene 2.2 Beating the Dragon

Scene 1

Dragon takes hit and starts to go into death pose. Should the dragon take final hit in mid-air, it will first land, and the anim will always happen from ground pose frames.

Scene 2

He falls to ground with a loud bang and camera shake. The head is facing away, so you can't see the eyes.

Scene 3

Scene 4

The ninja leaps onto the back of his neck and grabs on, as the dragon begins to awake.

The dragon tries to claw the ninja off it's neck, and roaring takes a few swipes with it's claws. The ninja deftly avoids the blows, and frustrated, the dragon rocks back and forth, until....

Scene 5

... the dragon lurches up into the air, and carries the ninja off towards the next level.
