

Ubi Soft® Introduces Tom Clancy's Rainbow Six™: Raven Shield™ at E3 2002

Team Rainbow Returns in a Next-Generation Sequel to the Immensely Popular Series

SAN FRANCISCO, CA – May 21, 2002 – Ubi Soft Entertainment, one of the world's largest videogame publishers, today announced more details on the next installment of the best-selling *Rainbow Six* series. ***Tom Clancy's Rainbow Six: Raven Shield*** will be available on both the PC and the Xbox™ video game system from Microsoft formats in the fall of 2002, with the other next generation platforms to follow.

Raven Shield is the sequel to the immensely popular *Tom Clancy's Rogue Spear*, 2000 Action Game Of The Year, and *Tom Clancy's Rainbow Six*, 1999 Action Game Of The Year*. It will be the third game in the *Rainbow Six* line, which has sold more than 6.7 million copies worldwide.

Developed by Ubi Soft's Montreal studio in close collaboration with Red Storm Entertainment, ***Raven Shield*** features a brand new Tom Clancy storyline in which Team RAINBOW is led all over the world in a series of dramatic operations. The game will utilize graphics technology provided by the next-generation Unreal™ engine to power 15 new single-player missions that include the discovery of a cache of biological weapons and stopping an armed gang from terrorizing a London bank.

In Game Features:

- All new graphics using the next-generation Unreal™ Engine
- All new weather effects
- All new Lighting effects
- Redesigned command interface
- New movement commands, including the prone position for the first time in the franchise
- First person view weapons – All new for the Rainbow Franchise
- 15 single player missions.
- New multiplayer modes and features.
-

* *Tom Clancy's Rogue Spear* named 2000 Action Game Of The Year by PC Gamer and Computer Gaming World. *Tom Clancy's Rainbow Six* named 1999 Action Game Of The Year by PC Gamer.
