1. What is it?

The MARATHON SPOILER GUIDE (MSG) is a compilation of the collected knowledge of the game 'Marathon' produced by

Bungie. Most of the information in this document has been contributed by other people, and when appropriate, credit has been given.

Most of the information in this guide is meant to reveal secrets or hints on completing the game and finding hidden areas. Thus, if you continue to read this, be forewarned:

SPOILERS! SPOILERS! SPOILERS! SPOILERS! SPOILERS! SPOILERS! SPOILERS!
SPOILERS! SPOILERS! SPOILERS! SPOILERS! SPOILERS! SPOILERS! SPOILERS!
SPOILERS! SPOILERS! SPOILERS! SPOILERS!

You ***WILL*** be spoiled if you read any further. I take no responsibility for the disappointment you will feel if you inadvertently read this information.

2. How to use the MSG

The MSG is divided into sections, one for each chapter of the game, with each level in it's appropriate chapter, as well as some general information sections. To find information on a certain area of the game, go to the appropriate chapter and use "Find" in the File menu.

In case you don't know how to determine the name of the level, just switch over to map mode (default key: 'm') while playing Marathon, and look at the top of the map. The name of the level will be there.
