key

1.1 My PGP public key

My PGP Public Key

This is my PGP public key. [Click here](#) to add this key to your public key ring.

NOTES

For the above script to work, all the following must be TRUE:

- 1) PGP must already have been installed.
- 2) The assign "PGP:" must be assigned to the directory containing PGP.
- 3) The PGP program itself must be in either "PGP:" or "PGP:bin"
- 4) The script run by the above link is experimental and may not work on all systems.

-----END PGP PUBLIC KEY BLOCK-----

The above key is also available from any of the public key servers. See the document "keyserv.doc" that comes with PGP for details of these servers and how to extract keys.

If you have trouble with the key servers you can also obtain the key directly by e-mail from me.
