ABOUT THE AUTHOR:

I am currently a senior at the University of Illinois at Urbana—Champaign, studying Electrical Engineering. I'll be graduating in December of 1995. I've been using the Macintosh in some form or fashion for about seven years now, and I'm hoping to get into some "real" Mac programming starting in the coming months.

Here's how to get in touch with me:

> Neil Mickelson
> 104 North Lincoln Ave., Apt. 302
> Urbana, IL   61801
> e-mail: mickelsn@uiuc.edu

Please keep in mind that these addresses will change after I graduate; my snail mail address will change in August 1995, since I'm moving into a different apartment.

I will try my best to support this patch; please keep in mind that I am a student, and this project will have to take a back seat to homework every now and then (like every morning, noon, and night, most likely!). Please send me bug reports, and I'll do my best to squash 'em, but it may not be the fastest service in the world!
