

Registering ScrapIt Pro:

I've worked very hard on this utility and would like to continue to release useful and fun utilities and games, but the only way I can do this is if you send in the requested fee. Please, if you use this, send in the small fee requested along with the registration form (it can be filled out and printed from within ScrapIt Pro, check the Apple menu). You will receive a registration code via e-mail or U.S. mail if you don't have an e-mail address. Do your part to keep the idea of shareware (and me) going! Thank you.

I have tested ScrapIt Pro to the best of my ability, but cannot possibly test it with every application, INIT setup, etc. If you find any problems, please let me know about it. Also, if you have any suggestions of other features you'd like to see, let me know. You can contact me at the address or on-line service below:

Multiple Copy discounts and Site Licenses are available. Multiple copy discounts are calculated automatically if you use the "Fill Out Registration Form..." option from the Apple menu within ScrapIt Pro.

If you'd like me to send the latest version of ScrapIt Pro along with all my other shareware, send \$5 or send a self addressed stamped return envelope and a formatted disk and I'll send you the latest of all my shareware.

Shareware fee: \$15 per copy

(AOL is preferred)

Purchase Orders:

Purchase orders are accepted. Just print the registration form, fill in the appropriate information including the Purchase Order number, and mail it with your PO.

Registered Users of ScrapIt:

As usual, this version of ScrapIt is a free upgrade for registered users of previous versions of ScrapIt. If you have registered for ScrapIt and need the registration code, send me an e-mail message with your name and address (so I may confirm your registration) or send a self addressed stamped return envelope and I'll send you the code. Thank you for your support!
