

Thanks for trying this Shareware version of Skat. If you like it, please be sure to register your copy to enable all of its functions. The registration fee is US\$12 which also entitles you to a reduced price on an upgrade to the version 2.0 or the all-new version 3.0 of the program. These exciting new version adds sound, new game types, a new user interface, and the possibility of playing an entire tournament over a network (network license separate). Full details and a shareware registration form can be found under "Upgrade" in the apple menu of the program. Or, check out a demo version from the Skat WWW site at the address: <http://140.103.2.124>.

Registering your shareware version will:

- Disable this startup screen (no more clicking "Not Yet")
  - Enable full scores windows with more than one game result
  - Enable the playing styles "optimized" and "Poker Jack"
- 
- Entitle you to a reduced price on an upgrade to the all-new Skat 2.0.
