

[Welcome to Gramotki 1.5.6!](#)

*You can use Gramotki as a notepad, sticky notes and calendar. Every note can contain > 32 K of text, different styles of text, and even embedded objects: sound, pictures, desktop items, switchers.*

*In the next dialog box please enter at least your name and institution. Keep the serial number field empty to use Gramotki in test mode.*

*After 20 days of test mode you should pay for Gramotki via Kagi Shareware (using enclosed Register application) or buy commercial Gramotki package at MacStuff.*

*Gramotki brought to you by*
