

Vendor and BBS Information

Last updated: April, 1992

This file provides information for Shareware Distributors, Disk Vendors, Computer Clubs and User Groups who wish to distribute the Jewel Thief package as well as Sysops who wish to post the Jewel Thief package on Bulletin Board Systems.

SYSOPS: To make things easier, the program and documentation are already compressed in JWLTHF.ZIP on the disk you received.

Previous versions of Jewel Thief should immediately be replaced with v1.2a. This is due to a correction in the registration reminder screens. Please see CORRECT.TXT for details.

Program Description

Filename: JWLTHF.ZIP
Keywords: JEWEL THIEF JWLTHF WINDOWS ANIMATION GAME
Category: Windows Game
Short Description: Collect jewels and avoid restless natives
Long Description: ServantWare announces an update to the popular game Jewel Thief. Version 1.2 tracks high scores, allows three speed levels, and accelerator and pause options. Jewel Thief is an exciting game where you travel to far away places and collect jewels while avoiding restless natives. Excellent use of graphics and animation.

Price: \$10.00 US
Requirements: Windows 3.0+, DOS 3.3+, EGA or better, mouse

Registration Benefits: Registered users will receive a code to remove the registration reminder screens.

Limited Distribution License

Shareware Distributors, Disk Vendors, Computer Clubs, User Groups and Sysops wishing to add the Jewel Thief package to their disk library may do so in accordance with these Limited Distribution License restrictions.

As the exclusive copyright holder for Jewel Thief, ServantWare authorizes distribution only in accordance with the following restrictions.

The Jewel Thief package is defined as containing all the material listed in PACKING.LST. If any files listed in the PACKING.LST text file are missing then the package is not complete and distribution is forbidden.

ASP Approved Vendors in good standing are hereby given permission to distribute the Jewel Thief package on its own disk, as part of a disk set, CD-ROM, disk-of-the-month, or subscription package. Non-ASP member vendors must request permission from ServantWare prior to distributing this package in any form.

ASP and non-ASP vendors are asked to not use a Disk-of-the-Month distribution to use up old (out-of-date) inventory. Only current versions (1.2a) may be shipped as Disk-of-the-Month disks.

The Jewel Thief package CANNOT be sold as part of some other inclusive package. Nor can it be included in any commercial software packaging offer, without a written agreement from ServantWare.

The Jewel Thief package - as defined above - CANNOT be modified in any way with the exceptions of the addition of a BBS, Vendor, Computer Club, or User Group advertisement as a text file, a comment in the compressed file, or an installation batch file.

No price or other compensation may be charged for the Jewel Thief package unless written permission is obtained from ServantWare. A distribution fee may be charged for the cost of the diskette, shipping and handling, as long as the total (per disk) does not exceed US\$5.00.

The Jewel Thief package cannot be "rented" or "leased" to others.

You may not list any of our products in advertisements, catalogs, or other literature which describes our products as "FREE SOFTWARE". Shareware is "Try-Before-You-Buy" software, it is not free.

ServantWare prohibits the distribution of versions previous to version 1.2a. If the version you have obtained is over twelve (12) months old, please contact us at the address in DESCRIBE.DOC to ensure that you have the most current version.

Licensee shall not use, copy, rent, lease, sell, modify, decompile, disassemble, otherwise reverse engineer, or transfer the licensed program except as provided in this agreement. Any such unauthorized use shall result in immediate and automatic termination of this license.

U.S. Government Information: Use, duplication, or disclosure by the U.S. Government of the computer software and documentation in this package shall be subject to the restricted rights applicable to commercial computer software as set forth in subdivision (b)(3)(ii) of the Rights in Technical Data and Computer Software clause at 252.227-7013 (DFARS 52.227-7013). The Contractor/manufacturer is ServantWare, 1426 Brookfield, Ann Arbor, MI 48103.

All rights not expressly granted here are reserved to ServantWare.

Please Help Us Serve You Better

If you are not an ASP vendor and would like to be placed on our mailing list for future upgrades to any of our products, please contact us for complete details. Our address, phone number, and CompuServe User ID number is listed in DESCRIBE.DOC. (ASP vendors in good standing will automatically receive future upgrades.)

We would appreciate copies of anything you print regarding Jewel Thief. Please send us a copy of any reviews, articles, catalog descriptions, or other information you print or distribute regarding the Jewel Thief package. Thank you for your time and assistance and for supporting the shareware marketing concept.

Thank you for your support!
