

To play the level T4.WAD, you must have the registered version of DOOM 1.2.

*****THIS FILE WILL NOT WORK WITH THE SHAREWARE VERSION!!!*****

This is a level which is fairly difficult monsterwise, so you cannot be a beginner, and yet the seasoned player will find it boring. This is a level for the mediocre player. The level DOES support the difficulty levels (to a degree) so do whatever...

To run the level....copy it to your DOOM directory, and type:

DOOM -file T4.WAD

this will load DOOM in the usual format....just select new game on level one episode one..and begin!!! I would be happy to hear any suggestions and/or comments from you about the level...but be kind, and give CONSTRUCTIVE criticism, after all this is my first level.....

thanks, enjoy.....S News2
