

Other Connectix Products

Connectix offers a number of useful products for Macintosh systems. To find out more about any of our products or to order them, please call us at 800/950-5880 (international 415/571-5100), fax us at 415/571-5195, or send email to connectix@aol.com. We also sponsor forums on AppleLink, America OnLine (“CONNECTIX”), and CompuServe (GO “MACAVEN”). All Connectix products are available wherever fine software is sold, and throughout the world through our extensive foreign distribution channel.

RAM Doubler™

RAM Doubler gives you twice the memory without the expense and hassle of adding SIMMs. Installation takes about 15 seconds and one mouse click. It's worry-free right from the start. If you had 4MBs of RAM, your Macintosh will have 8MBs of memory available with RAM Doubler. Keep all your applications open—you'll be rid of the “Not Enough Memory” messages forever. Find out why MacUser wrote “RAM Doubler may well be the best investment you'll make this year” and why Macworld readers voted it a Macworld World Class award in 1994. MSR \$99

Connectix PowerBook Utilities (CPU)™

The only Eddy-award winning PowerBook utility, CPU is the leading set of PowerBook utilities. CPU can double your battery life and maximize your PowerBook productivity. CPU also brings many of CDU's most popular features to PowerBooks. Keyboard Power and Security are joined by an LCD screen saver, Cursor locator, flexible Hot Keys, and a host of other utilities. MSR \$99

Maxima™

Maxima is a high-performance RAM disk that improves system performance on any Mac, PowerBook, or network server. The only complete RAM disk solution available for Macintosh, Maxima uses special compression techniques to effectively double the size of the RAM disk you create. Data integrity of the RAM disk is maintained through restarts, shutdowns, and even system crashes! MSR \$99

QuickCam™

QuickCam makes it easy to make movies and take pictures with your Mac. QuickCam is the first affordable, easy-to-use digital video camera for the Macintosh. The supplied software makes using the camera a snap. You can use the images you create in the programs supplied, or, you can add your movies and pictures to thousands of other Macintosh applications. Installation is easy—just plug in one cable, insert the disk, and click on the installer. Seconds later you're ready to create your first movie or take your first picture. MSR \$149
