

## BATTLEGROUND 6: NAPOLEON IN RUSSIA™

### The Battle of Borodino

NAPOLEON IN RUSSIA returns the critically acclaimed Battleground Series to the epic majesty of the era of Napoleon and his greatest invasion! After a series of indecisive battles and steady retreating in front of the advancing French, the Russian Tsar Alexander's army, poised on the outskirts of Moscow itself, turned and faced Napoleon for one final desperate battle.

NAPOLEON IN RUSSIA re-creates this mammoth battle in the style and splendor only TalonSoft can deliver. History comes alive as Marshall Kutuzov's Russian infantry doggedly defends the road to Moscow from onslaught after onslaught of Napoleon's massive *Grande Armée*! Cossacks abound amidst this momentous struggle, dubbed the Battle of Borodino, and featured in Tolstoy's Russian Film epic, *War and Peace*.
