

## Registration Info for Letter Writer

### About Shareware

This software is NOT free. It is copyrighted material; however, it is distributed as shareware. As such, the UNREGISTERED SHAREWARE version may be freely copied and distributed.

### Why Register?

When you register you are entitled to unlimited support, information on latest updates and large discounts on multiple copies. Registration enables two major features *Merge Print* and *Spell Check*, which are not available in the unregistered version.
