

About this Document

This price guide is designed to help you quickly and easily find and use pricing information on the HP 3000 900 Series business systems and servers. It is organized into sections containing information on hardware, operating systems, software capabilities, peripherals and support services.

NOTE: For complete configuration information, please refer to the following publication: HP 3000 900 Series Configuration Guide, Pub. No. 5091-7438E, available in July 1993.

Featured in this Guide

-  More competitive prices for the Series 9x7 and Corporate Business Systems
-  New reduced prices for Corporate Business System memory
-  New! High-end and mid-range systems - 987RX, 987/150RX and 987/150SX
-  How to Order Field Upgrades for the Series 9x7 Family and path summary, page 59

NOTE: Customers may realize substantial savings when purchasing both IMAGE/SQL and ALLBASE/SQL databases up-front with the system purchase (as an option to the 99x system or via 9x7 menus).
