NOTES:
1. The earlier expansion kits were
created specifically for the Floor
Mini-Tower (F) or the Rackmount (R)
SCSI Storage Systems. These
Expansion Kits are being replaced for
future products with Expansion Kit
Upgrades (U) which can be used in
both the Rackmount and Floor
Mini-Tower SCSI Storage Systems.
2. The Floor Mini-Tower supports:
7 half-height devices or 3 full-height
devices or a combination of both.
3. The Rackmount supports: 5 half-height
devices or 3 full-height devices or a
combination of both.
