

**Ready for real power
at great prices?**

HP's TradeUp'93 is the Answer!

Whether you're trading in one system or one hundred, HP's TradeUp'93 program will help you get the power boost you want at a price you can afford. A significant discount is available when you trade in your existing workstations towards the purchase of higher-performance workstations.

TradeUp'93 Highlights:

- ▶ Trade-in discounts up to 30% are available on eligible systems
- ▶ Discounts apply to:
 - Factory-integrated options, including RAM and disk
 - Selected peripherals
 - HP 700/RX X Stations
 - Layered HP software
- ▶ No minimum number of systems required to participate
- ▶ Additional discounts available for trade-in volume of 20 or more eligible systems
- ▶ Standard HP purchase agreement discounts also apply
- ▶ Sun SPARCstations, DECstations, SGI workstations, PCs, and X terminals also eligible for credit
- ▶ Part of HP's Open Migration Program, a suite of tools, services, and products to help you move to PA-RISC and HP-UX
- ▶ For more information, contact your HP sales representative or call 1-800-637-7740 (in Canada, call 1-800-387-3867).

Certain restrictions apply to configurations. The information contained in this document is subject to change without notice.
