#### Acknowledgements

Matt Slot  
- Gamma Utilities  
Portions from Sprocket Framework.  
Metrowerks - for PowerPlant and such a great C/C+ development environment.  
Jim Luther - MoreFiles library.

#### Environment

The PictFader was developed with Metrowerks' CodeWarrior™, with portions from the former's PowerPlant™ Framework. Resources created using ResEdit or Constructor and art work using Photoshop 3.0.5.

#### Special Thanks to

Cherie - for being so tolerant ( most times ).

#### Shareware

PictFader is shareware. After the initial trial period of 15 days has expired, you must pay the shareware fee of \$US 10. See the Read Me concerning how to register using the Register program provided.
