MusicTime
Create your own sheet music

For Macintosh and Windows PCs (floppy diskette or CD-ROM).

MusicTime is the easy and entertaining way to make music with your soundcard
or MIDI instrument. You can compose, play and learn music on your computer.
MusicTime displays the actual notes you play from your computer's QWERTY
keyboard or from a MIDI instrument, or watch as it converts Standard MIDI files
in to beautiful, publisher-quality sheet music right before your eyes. MusicTime is
perfect for music students, teachers, hobbyists and small ensembles.

System Requirements

Windows
386SX IBM or compatible PC, 4 Mb RAM,
CD ROM drive, Soundcard, mouse.

==================

Installation Instructions

To install a DEMO version of MusicTime to your hard drive, run "setup.exe" in
the MUZKDEMO directory to launch the installation program. Further
instructions, information and customize options are provided within the
installation program.
