# GUIDANCE IN ENGLISH

## Target System

Windows 95/98/Me/NT/2000/XP

This program requires MFC42.DLL and MSVCRT.DLL on system folder .

## Install

Put Cursor32 program package on any folder. Installation screen appears on first execution on your workstation.

### No Auto Run

Cursor32 never start automatically when logon to the computer .

### Startup on Start Menu

Make auto run shortcut on start menu .

### Configuration

Configuration Dialog can be loaded from Cursor32 main window .

#### Uninstall

Uninstall is possible from start menu or control panel . (depends on your installation .)

If you can not find uninstall menu , you can make it from "Configuration Dialog"'s Re-Install menu .

#### Legal notices and user support

This program is free ware. And all copyrights is reserved by INOUE. Hirokazu (author).

There is no guarantee of this program functioning correctly, and author is not responsible to every result of this program. Other condition follows on this help file (Japanese Language only, sorry).

Every contact with author is based on Japanese language only.
