The Simpsons Theme v1.3
for Microsoft Plus! ™
Updated 30th of August 1996

Created by David Beaumont
Beaumont@ozemail.com.au
MSN: Beaumont

New Features! (since version 1.0)
- Added Icons for My Computer, Network Neighborhood and Recycle Bin
- Added Cursors: Default Pointer, Waiting, Busy, all the normal pointers included
- Wallpaper cleaned up
- Added Sounds: Minimize, Maximize, Restore up and down.
- Fixed Duff Beer bug

Installation Instructions:
1. Extract the ZIP file into your Plus!\Themes Folder (usually c:\Program File\Plus!\Themes)
2. Open the Control Panel and Open the Desktop Themes Folder.
3. Select the Simpsons theme and click OK.

Please Help the Author!
If you really like the Desktop them I have created and feel obliged to help the author then if you really must, you may send any amount you feel appropriate (checks only please!) to:

Mr. David Beaumont
PO Box 10264
Gouger Street Post Office
Adelaide
South Australia   5050
Australia

note: I am not asking for money for the contents of the sound files or the wallpaper, it is the compilation that brings together the components that I am asking for support.

Disclaimer:
All material contained within the theme remains the property of their respective owners. This *Desktop Theme* was created without the permission of the authors of *"The Simpsons"* or anybody else for that matter. The effort put into this production is in the compiling of the material into a *Desktop Theme* and in no way am I claiming the material was of my production.
