

## ADOBE PHOTOSHOP 4.0 TRYOUT READ ME

Welcome to the Adobe Photoshop 4.0 Tryout. This version of Adobe Photoshop is intended to give you a preview of the features of Adobe Photoshop 4.0. It includes nearly all of the core features found in the full version, except that it will not allow you to save, print, export, copy files to other applications via the clipboard or use drag and drop to copy images to other files. Furthermore, to minimize its size, this tryout version includes only a small sampling of the plug-in filter effects available with the full version. The full version of Adobe Photoshop 4.0 includes a total of 98 different effects filters.

This tryout is a 32-bit application supporting Windows 3.1.x, Windows 95, and Windows NT 3.5.1 or later.

For more information about Adobe Photoshop, please call Adobe Systems at 1-800-833-6687. Outside North America, contact your local Adobe distributor or call 1-206-628-2749.
