

Welcome to my themes. I do this for fun not profit so please don't ever include this in some package you sell to others. Reminder these sounds and pictures are still under copyright protection. You want to make money on them, you need to contact the copyright holder!
If you like the theme or something isn't working please let me know. My Email address is zookiem@aol.com

Here is how to use the themes:

Using an unzipping program such as WinZip expand the file directly into your Program files/plus!/ themes directory.

Open the control panel on the start menu. Click the Desktop themes icon. Using the drop down menu, highlight the name of the theme you just unzipped and viola' you got it. Enjoy.

I'm always looking for suggestions. Please feel free to make request. Also you could visit my home page at www.wcic.org/~zookie/HomeZ.htm

Thank you for visiting.
