WS-TIMER Version 4.16

For credit card orders please fill-in the credit.wri file.

WS-TIMER is a Shareware program, registration is only $10.00 USD. You may freely distribute WS-TIMER, as long as all files from the archive are included. Registration can be made by cheques for Canadian , and US. International money orders for all other countries. Keep in mind that if you register by cheque, you will not be sent your registered copy until the cheque as cleared. A lot of users from overseas have sent cash and so far I have not heard any complaints of money being lost. Lou's Software does not encourage this method and will not be held responsible for lost or stolen cash registrations. If you choose to send cash, please send us an E-Mail as to when you mailed your registration and I will let you know immediately when it gets here. Letters from overseas have taken about 8-10 days to get here. If you are not sure of the USD value against you money you can send me an E-Mail with the request, I keep a daily listing of all money values. Please make cheques payable in your currency to the equivalent of $10.00 USD.
