

TURN YOUR BBS INTO AN INSTANT CASH MACHINE!™

The ABS Payment Network™

ABS Credit Card Pay™

ABS makes setting up your very own merchant account fast, easy, legal, and affordable! *ABS Credit Card Pay™* service allows businesses of all types to accept credit cards online, over the phone, or through the InterNet, and receive payment quickly and easily.

American Banking Systems does not discriminate as to the size of a company. We welcome and help businesses of all types and sizes including start-up, online, InterNet, and Mail-order. In most cases ABS can have your account activated within one week of receiving your completed documents. ABS specializes in traditionally "hard to place" credit card merchant accounts.

Your credit card processing rate will be between 2% and 3%. There will be a low application fee to cover the cost of getting your Merchant Account set up with the bank. There is **no ABS setup** fee! SEND NO MONEY NOW! Simply sign the bottom of the ABS OCD set up form, and we will start you on your way! ABS will review your credit history and send you a complete start up package including all pricing information.

ABS is currently developing software (across platforms) relating to specialized online credit card processing for your BBS called *Mega Market™*. The ABS Mega Market™ is a "full-blown" shopping system that will include subscription and shopping options with built-in online checks and credit card support from ABS. The Mega Market™ series is being developed as *bank approved software*, and will retail for hundreds of dollars. Because you are a valued client of ABS, it will be included in any pricing quoted you when you set up your Credit Card Merchant Account through ABS. Once your particular BBS or operating system software is completed, ABS will give you a **FREE UPGRADE** (from OCD) that will enable you to accept credit cards online or over the phone!

We offer unsurpassed, high quality services at the absolute best prices. ABS is at the cutting edge of technology. We continue to bring our clients new and improved software, services, and payment solutions. With the power of The **ABS Payment Network™** behind you, it will be easy to...
