ZyXEL

The Intelligent Modem

Founded
1988

Charter
To be the driving force in modem communications by leading the field with
proactive pricing, intelligent features, technological advancements, and
aggressive marketing.

Product
ZyXEL offers a complete line of Ultra High Speed Modems with data, fax, voice
and cellular capabilities including V.32bis/V.32 and V.42bis/V.42 modems, the
fastest available for ordinary telephone lines. Offering speeds of up to
19.2Kbps (Plus Series) and 16.8Kbps (U-Series) and maximum throughput of
76.8Kbps, the ZyXEL family of modems work in all environments including DOS,
Windows, Macintosh, OS/2, NeXT, IBM/UNIX, Amiga and a wide range of
connectivity systems.

ZyXEL Intelligent features include Advanced CELP Voice Capability with speech
compression, Fax Capabilities, Caller ID, Distinctive Ring, Auto Fall-Forward/
Fall-Back, Remote Configuration, Call-Back Security with Password Protection,
plus VoiceFax Software and Firmware Upgradability as standard features. ZyXEL
modems are recognized throughout the industry as the price/performance leaders
offering you more intelligent features for less. There is a version to fit
every need including portable, desk-top, plug-in-card and rackmount.

Cellular capabilities are now standard on all ZyXEL modems. Now you can send
and receive data and fax messages from anywhere using a laptop and portable
cellular phone.

The ZyXEL U-1496P Portable modem is a full-featured modem with all the
features of a U-1496E modem plus additional cellular capabilities. This
allows you ultimate freedom to communicate from almost anywhere.
