DESIGNER CLIPART V

CD "DESIGNER CLIPART V (R18-Z26)" contains over 8,000's cliparts and zipped files in the following 9 subdirectories from "R18 & Z26".

To view the cliparts, gif or pcx or gif files, Use the following step-by-step instructions to start the slide show or each of those files.

- A. Place your "Clipart" CD on your CD ROM.
- B. Go to CD ROM prompt (D: or E:), type VPIC, press <Enter>.
- C. Use "F5" or "F6" key to select the monitor resolution.
- D. Use "Alt + F9" combination keys to enter the subdirectory trees.
- E. (1) Use the arrow keys to select the GIF file, then press <Enter>;
(2) Or use "space" bar to tag or untag the GIF files, press "F2" to start slide show;
(3) Or use "Alt + T" combination keys to tag all GIF files, press "F2" to start slide show.
- F. To stop the slide show, press "ESC" key.

To use the zipped files, you select which file you would like to use, copy the < File Name.zip > along with the "Pkunzip.exe" file to your hard disk.

To unzip your file, go to your hard disk destination where you previously copy the zipped file and type " Pkunzip filename", press the < Enter > key.
