TOOLS MENU

TEXT
Text tool for typing text in the text area. You cannot type text in the picture area.

BRUSH
Paint tool for drawing with the current pen size and Border pattern. Paint tools are used by dragging the mouse in the Graphics area.

LINE
Paint tool for drawing straight lines with the current pen size and Border pattern. Paint tools are used by dragging the mouse in the Graphics area.

RECTANGLE/ROUNDRECT/OVAL/REGION
Paint tools for drawing shapes with the current pen size and Border pattern. Shapes will be filled with the current Fill pattern. Paint tools are used by dragging the mouse in the Graphics area.

SPRAY CAN
Paint tool that splatters paint using the current Border pattern. Paint tools are used by dragging the mouse in the Graphics area. Hold down the Option key before dragging the mouse to make the spray pattern smaller.

ERASER
Paint tool that enables you to erase sections of previously drawn graphics. Paint tools are used by dragging the mouse in the Graphics area. Hold down the Option key before dragging the mouse to make the eraser smaller.

PEN & PATTERN
Displays a window allowing you to select the Border pattern, Fill pattern, pen height, and pen width to be used with paint tools. On color Macintoshes, you will also be able to select colors.
