## GIXMAS.DLL (ICONS FOR CHRISTMAS)

### A LIBRARY OF ARTIST RENDERED ICONS

#### ABOUT THE ARTIST:

I have been an artist as long as I can remember. I majored in art in college and have explored most of the traditional mediums throughout my life. I am also a miniaturist. I have extensive collections of "Little Things" such as Christmas tree ornaments and doll houses.

Imagine my joy, when we purchased a new computer with "Windows", and I was introduced to this totally new medium! A medium that combines both my interests! ICONS !!

**GLORICONS** are librarys of this miniature art. I hope you enjoy them and find them useful.

#### ABOUT THE ICONS:

**GIXMAS.DLL** is a library set of 16 icons (plus my logo), to use during the Christmas Holiday season.

I thought the Santas out there, making their lists, and counting them twice, might enjoy a little diversion!

Have a very MERRY CHRISTMAS!

## INSTALATION - HOW TO USE

1. Copy the file **GIXMAS.DLL** TO YOUR 'WINDOWS" DIRECTORY.
2. From the program manager screen, select (high-light) the program you wish to apply the icon to.
3. Go to the "file" option at the top of the screen and select "properties".
4. The program you selected will appear in the box. Choose the "change icon" option. (It may give you a message.."no icons for this application" .. click "OK").
5. Select "browse", which will display the icon files available. Select "DLL" files in the lower left hand corner. Make sure the "windows" file is open.
6. A list of DLL files will appear (Library files).
7. Choose **GIXMAS.DLL** & OK.
8. The **GLORICON ICONS** will appear on the horizontal bar. Use the arrows to browse through them.
9. Highlight the one you want and "OK" it.
10. The new icon will appear with the program, on the program properties screen. "OK" it.

THAT'S ALL THERE IS TO IT!! ENJOY YOUR NEW ICON!!

ICONS MAY BE CHANGED AT WHIM, WITHOUT AFFECTING THE PROGRAM.
