

User's Guide for Comstock KLIPS Photo Browser

View Lightbox

1. Click on "View Lightbox" to display the entire selection.
2. The blue checkmark indicates a selected photo. To de-selected a photo, click once on the image you wish to omit from the selection.
3. To view selected photos only, click once on the "View Selection" button.
4. To return to entire selection, click once on the "View All" button.
5. Click to the right or left of the scroll bar at the bottom of the screen to turn the page and advance one entire screen of thumbnails.
6. To enlarge an image, double click on the photo you wish to view.
7. To copy a photo to the clipboard, click once on the "Copy" button.

View Slide Show

1. Click on the "View Slide Show" button to display the photos in the selection one by one, full screen.
2. To manually browse through the slide show, click on the directional arrow keys on the bottom left of the screen.
3. To automatically advance the photos, click once on the "Auto Mode" button. Click to the right or left of the scroll bar to adjust the rate at which the images advance.
4. Click on the "Manual" button to return to the manual mode of the slide show.
5. The blue checkmark in the right hand corner of the screen indicates a selected photo. To de-select a photo, click once on the "De-Select" button.
