Legend Video Multimedia Sampler CD-ROM

Click on one of the title bitmaps to view one of Legend Video's multimedia CD-ROM titles. The next screen that will come up is a preview of the selected title. When you click on the picture a video player will popup and play a video preview and return to the title screen. The button labeled main will return you to the title selection box.

```

```
{ewc mv2mci.dll, ViewPane, "video.avi" /W340 /H330 /C"JumpID('sampler.mvb>main', `clean1')"}
```

You are in the About screen. If you have just started this title, click on the large screen to play the opening video. If you want to go right to the movie menu, click on the **Main** button. To quit the title, double click on the system menu bar in the upper left hand corner

The video viewer allows you to adjust the sound level as well as pausing, stopping, fast forwarding and rewinding the video. You can also drag the indicator to any point in the video.
