SOFTWARE REQUIREMENTS SPECIFICATION

for the

Ada LRM READER

TABLE OF CONTENTS

1. Scope 1

2. References 3
2.1. Documents 3
2.2. Internet host computers 3
2.3. Terminology 3

3. Engineering requirements 5
3.1. CSCI external interface requirements 5
3.2. CSCI capability requirements 5
3.2.1. Display citations 5
3.2.2. Print citations 5
3.2.3. Movement within and between citations 5
3.2.4. String searches 6
3.2.5. Other capabilities 6
3.3. Entity relationships 7
3.4. CSCI data element requirements 8
3.5. Adaptation requirements 9
3.5.1. Installation-dependent data 9
3.5.2. Operational parameters 9
3.6. Sizing and timing requirements 9
3.7. Design constraints 9
3.8. Human performance/human engineering requirements 9
3.9. Risk Assessment 10

4. Qualification requirements 11
4.1. Qualification methods 11
4.2. Special qualification requirements 11

5. Notes 12
