- 6 - [The Life Team](#)

1.2 installation

Installation

IconAct needs OS 2.0 or greater and the ReqTools.library by Nico François.

The fileclass.prefs file is also needed in the same directory or in "ENV:" to launch IconAct.

IconAct use if present the CLI command "xPK" by Urban Dominik Müller to unpack automatically files.

1.3 usage

Usage

You just have to drop an icon on the appicon called IconAct. If the file type is recognized, the associated utility should be launch with the selected file as argument.

IconAct can make assign very simply. Just drag a directory or a volume on the appicon and enter an assign name.

You can reload preference file or quit IconAct by clicking on the appicon.

1.4 The author

IconAct has been written in Blitz Basic 2.1 by Pierre Rivasseau, member of the **Life Team** with Mathieu Chènebit.

You can contact me on this address :

Pierre Rivasseau

22, impasse Eugène Delacroix

03410 Domérat

FRANCE

or with the E-Mail of Mathieu Chènebit :

1.5 lifeteam

Life Team :

The Life Team is a small French programming group, which has for main goal to distribute freeware proggyes, Shareware's (and why not commercial's ;-)) on Amiga. Our programmes are made with the powerful Blitz Basic 2 by Acid Software. Our second goal is to make Blitz wellknown (mainly in France), because it is probably one of the best languages.

Life Team programmes :

W-Anim : an IFF anim in window viewer. It has lots of functions (frame rate, palette choose ...).

Insulte : a program that insults you (french only at the moment :-() !!!

LTAssign : an AppIcon that assigns files you drop on it.

IRT : Icon Replacement Tool, an appicon to easily change your icons.

SmallGrabber : a screen grabber with another superb GUI ;-)

SmallPlayer : a small module player for low-memory amiga

AppSize : an AppIcon that tells you the size of the directory you launch on it.

IconPlayer : an AppIcon that plays music modules files you launch on it.

IconAct : an AppIcon that identifies files and launches utilities.

Searcher : a very complete file finder.

You can find all those programmes on your favourite aminet site or by your DP distributor.

1.6 status

Status

IconAct is SHAREWARE. It's freely distributable but modifications of the original archive are prohibited. No limitations. If you use frequently Searcher, please consider to **register** (It's FREE).

1.7 Registration

How to register ?

No registration fee.
