bArticles Indexub

This is a section where we will list all the articles that have appeared in DoubleClick! The list is growing, but I want it much better!

You may notice the format has been changed so it's a lot easier to read. Also, the author's/contributor's name has been added - so if you contribute to DoubleClick, your name will be on all future issue to come! If somehow any names are wrong, then naturally, please tell us, but don't get to angry...
