====( SCENERS E-MAIL COMPILATIOn )===== ( THANKS! ) ↔  
 =====

Glorious thanks to:

- Ghandy & Cesium (thanx for the time & effort for checking the validity of
  - emails
  - /
  - homepages
  - )
- Kala (PC) again, for Corrosion's message about
  - bad addressess
  - ZYGoTE (txt title), Count Dan (guide title) & Taxi (file\_id.diz ↔
  - ) asciis
- All of You who supported us with several different
  - emails!
  - I-GO & Cesium for the idea and very first baselist
- Louise for the .guide SEARCH

WE TAKE NO RESPONSIBILITY FOR USING THIS  
 EMAILLIST

FOR SENDING STUPID MAILS OR SO AROUND!

We made it in order to ease to you  
 to get/keep in touch with your old friends, pals  
 and not for mailing boring advertisements/letters/votesheets!

Take care whom and what you write/send!

ALSO SUPPORT THE BEST  
 FTP-SITES  
 WITH YOUR OWN RELEASES AND MORE!

## 1.6 How to support it?

====( SCENERS E-MAIL COMPILATIOn )===== ( SUPPORT! ) ↔  
 =====

If you

send  
 me new e-mails, don't use any special chars for BEGINNING  
 your handle (e.g instead [lAME.] or ]!\*lAME\*![ aso. write: lAME or  
 lAME!..) BUT you CAN use them in your !LOCATIOn! wherever you want.  
 Or in the other hand, the spec chars from your handle  
 will be removed by me!

CHECK the MAILER-DAEMON's MESSAGE before you claim the account is  
 invalid  
 !  
 Sometimes the account is still  
 valid  
 , but the server is down only!

('Warning! You needn't resend your message! Message couldn't have delivered for 24h' - or so answer doesn't mean the account is not exist anymore!)

We want to release an  
updated list  
each (or every second?) month, so,

I NEED YOUR SUPPORT!

Send all your contributions to Me (LORD) or to Ghandy ↔

...

And Send your letters in common language (English) only  
with your handle and location (i don't want to suck it out of my finger)  
... Otherwise we skip them automatically! ...

It is hard trying to keep up with everyone these days, where everyone is on different IRC networks... Well this aint going to happen again, because we have made an IRC network dedicated to sceners, groups, users, etc. The good thing is it is run by people in the scene, and there are currently 22 servers (which is growing fast everyday) which everyone can jump on.

The server list includes the following...
